Artists at Work

MILLBURY - Teens at the Millbury Youth Center have been busy painting a mural on the walls of the main room of the center under the guidance of artist-in-residence Mary Lampron.

Participating in the project were: Scott Caika, Keith Poisant, Mike Moore, Johnna Gatchell, Jen Lachance, Brenda Baltramaitis, Dave Mayo, Danielle Gagen, Jay Gagen, Darlene Horner, Heather Horner, Jerry Horner, Judy Burdzel, Jen Patterson, Greg Lange, Mike Polsell, and Bryan Buteau.

This project was funded by an \$850 grant from the Massachusetts Arts Lottery Commission as administered by the Millbury Arts Council.

WPI Students Warn of Danger from Space Debris

(l-r): Kyle Petersen, Dana Katinas of Millbury, and Mike Sullivan, all members of WPI's Class of 1990, studied the impact of orbital debris on the space program.

WORCESTER - Scientists and engineers who design spacecraft today are facing a challenge they may have never before imagined: debris is beginning to litter earth's orbit, creating an increasing likelihood of collisions between debris and shuttles, satellites and other equipment.

Worcester Polytechnic Institute students Dana Katinas, Kyle Petersen and Michael Sullivan completed a study in which they determined that "orbital debris presents a hazard to any vehicle passing the lower Earth orbit (200 to 400 Kilometers above the Earth)."

Katinas, Petersen and Sullivan graduated from WPI in May. Katinas is the son of Richard and Valerie Katinas of Millbury. He majored in mechanical engineering and has been accepted at Georgia Institute of Technology where he will study for a master's degree in mechanical engineering. Petersen resides in New York and Sullivan lives in West Boylston.

In their report, the students concluded that while some of the debris disintegrates through such natural processes as atmospheric drag and solar pressure, scientists and engineers will have to be trained to develop technology for debris removal and to find other solutions to the problem. NASA is currently examining cleanup strategies including the Trash Removal and Satellite Hauler-1 program, which would use an unmanned satellite to remove debris. NASA is also studying the feasibility of developing a giant scoop or other device to capture tumbling satellites and other debris.

A Pat on the Back

SUTTON - After a week of activities at the Singletary Rod and Gun Club, scouts from area troops were instructed to give themselves a "pat on the back" for a job well done. On Friday, August 10, the scouts mustered to receive awards for various activities and to perform skits for the enjoyment of their relatives and friends.

Blue and Gold Banquet

Cub Master Walter Wilke (l) and Assistant Cub Master John Lefferts applaud Leona Dona as she was officially named the "Pack Grandmother."

SUTTON - Sutton Cub Scout Pack 243 held its Blue and Gold Banquet on Tuesday, May 29. The Rev. Walter Reynolds from St. John's Church gave the invocation. A spaghetti dinner was served. After dinner, the scouts and their families enjoyed a presentation by Bee Keeper Kenneth Warchol who presented an interesting program on the honeybee; he was kept busy with a lot of questions. The awards ceremony followed the program.

Committee Chairwoman Diane Spinney recognized all committee members, leaders and parents on a successful cubbing year. Mrs. Leona Dona was officially made the Pack Grandmother and was presented with a Cub Scout hat. All the scouts presented outgoing Cub Master Walter Wilke with a jacket.

Cub Master Wilke and Assistant Cub Master Lefferts presented the awards to the boys. Tiger Cub graduates were: Scott Army, Mark Chevalier, Ben Suhl, Ryan Clark, John Fallavollita, Travis Anderson. Silver arrow points were awarded to: Kevin Blanchard (2), Michael Fusaro, Matthew

Georgio (2), Eric Kelly, Eric Jones (4), Peter Lefferts (2), Ryan Shepherd, Chris Windle (4), Colin Orrell, Allen DeVincent, Chris Wilke, Tim Carter, David Spinney (2), Paul Henrickson. The Bears from Mrs. Carter's Den all earned the Purple Panda Conservation award: Tim Carter, Allen DeVincent, Paul Henrickson, Colin Orrell, David Spinney, Chris Wilke.

Peter Robbins received the Rank of Webelos and the Fitness Activity Badge. Additional Webelos awards went to Carl DeVincent, Jacob Owens, Justin Newton, all of whom received the Outdoorsman activity badge and the highest Cub Scout award, the Arrow of Light. All of the scouts received their attendance pins.

The pack wishes to thank the Blue and Gold Committee, Chairwoman Mary DeVincent, and members Maureen Henrickson, Jo Orrell, Ken Kelly, and the Senior Pilgrim Fellowship of the First Congregational Church for catering the dinner and St. John's Episcopal Church for being the sponsor.

We The People...

Fortunate to be Represented by Moore

To the Editor:

Some politicians today appear to believe that those who've had a long life should realize when "it's time to go." However, the elderly citizens of our area are fortunate to be represented by a legislator who believes that senior citizens should be able to continue their long life, aging with dignity.

For the past dozen years, Rep. Dick Moore has sponsored a very informative annual conference to help senior citizens know their rights and learn about helpful programs. He's been a strong supporter of elder home care and fuel assistance. Dick also helped Uxbridge get its senior center and he helped to obtain senior citizen vans for towns in his district.

As a long-time member of the "Silver-Haired Legislature" and the Elder Advocates program, I've been to the State House many times. I've learned that Dick's colleagues - both Democrats and Republicans - have great respect for him. That comes as no surprise to the hundreds of senior citizens who know first hand about Dick Moore's caring and his commitment to helping those in life's twilight years.

Says Approach is Unrealistic

To the Editor:

The approach to balance state government suggested by Mrs. Tuttle in the August 2 edition of the

Millbury-Sutton Chronicle is not only simplistic as she suggested, but also unrealistic.

She and her husband have been blessed with four healthy children and the resources to provide a good standard of living for them. The Commonwealth of Massachusetts, however, has to provide for a family of close to 6 million citizens. They include the homeless, the poor, the handicapped, and the neglected. They include abused children in foster care, young adults struggling to overcome drug addictions, adults unable to read and write, and elderly needing twenty-four hour care in nursing homes.

During his tenure in office, Representative Paul Kollios has fought for legislation to help these less fortunate citizens and to protect their rights as members of the Massachusetts' family.

Representative Kollios, by recognizing the needs of his constituents and by standing firmly in support of the programs which best meet these needs, has proven himself worthy of his elected office. The future of all the citizens of Massachusetts depend on the reelection of competent legislators like Paul Kollios.

Correction

Millbury residents may register for the 1990 State Primary at The Town Clerk's office during regular business hours, Monday through Friday, 9-4. The hours were incorrectly reported in previous editions based on information supplied by the Town Clerk's office.

Here & There Bits 'N Pieces

... by Joe Morin

WELL HOWDY, FRIENDS!...tis me back again. Had a few weeks off from the keyboard, back again and darn proud to be able to give you a few comments on this and that, and believe you me, we have a lot of "this and that" to comment on! Wow!

What weather, what shenanigans going on at the State House, and in Washington. Guys! Give us a break, please?

AND NOW ON WITH THE SHOW! Some of those clowns in the State House have really socked it to us, haven't they? The Duke was so embarrassed in signing the new Tax

Bill, he ordered that no pictures of such an occasion be taken, no shots whatever of him doing his dastardly deed! He was embarrassed....Hey, the guy is planning on running again for Pres, do you believe that? So a photo of him signing a tax increase would be the worst publicity ever for a candidate! Is he that dumb, naive, to think that he would get in this time? Politics! Politicians! Yecck! What really stuck in our craw was the comment made by one of those Bozos working on the State Budget who said, "To be honest with you all, we have no idea what the hell we're doing!" Brother, we knew that from the beginning. Friends, we now have the honor, and the right, given to us by the politicians, to change our state name from Massachusetts to Taxachusetts. What an honor! What an embarrassment...but we'll have a chance on that petition coming up. Vote "YES!" citizens for a limited tax. Enough already. Marchons! Les Citoyens!...they said life wouldn't be easy. For sure in Taxachusetts....

A GOURMET HOT DOG is one made with Grey Poupon and Vidalia onions; now that's a hot dog! **SPEAKING OF** hot dogs, wonder how much influence Governor Sununu had on suggesting the new Supreme Court nominee? Didn't take long for Read My Lips Bush to nominate him! Don't know much about the guy, we should though....**AFTER** watching the Boston traffic congestion fiasco, don't mind Kelley Square traffic at all. See, there is some good in this world! **ONLY COTTON PICKERS** would have enjoyed that recent heat wave. I'm not one of 'em....**WE PITY** those kind people, retired, on fixed incomes. How are they going to cope with all these tax increases? We're in a recession, and the clowns keep on taxing us! Everybody gather some wet noodles, march on the State House, and give 'em a whippin'....

Millbury Selectmen's Meeting Digest

Police Matters Top Agenda

By Edward J. Cooney

MILLBURY - The selectmen heard a brief report from Administrative Assistant Earl Chase at their August 7 meeting.

Central Cemetery

Chase reported that a review of the flood plain maps revealed that the proposed expansion of the Central Cemetery would require an amount of available land to compensate for filling, plus 5% additional water storage area. He said the present land would not allow for the requirement for compensation +5% and the town would have to look for additional land if it expects to expand. He also said it does not appear that there is any private land available in the area.

Selectman Gerry Bleau suggested that the Cemetery Commissioners look at eliminating some of the numerous streets in the cemetery to provide for additional space. He said it could be done without disturbing the cemetery.

Chase closed the discussion by noting that an engineering survey would be needed to determine if all of the land area is in a flood plain.

Correspondence

The board approved a letter of resignation from former Personnel Board Chairman Craig Coppola who was recently appointed to the Zoning Board of Appeals.

A letter was received from Safety Officer Ron Richards who recommended that a number of missing street signs be replaced. Richards also recommended the removal of two large trees at Rogers Street, opposite Greenwood Street, that block the view of drivers.

Richards noted that a guard rail at Martin and North Main Streets should be replaced with a cyclone fence. The board opted to look into who owns the guard rail.

Drug Enforcement Grant

Police Chief Ron Stokowski gave a brief report on a new drug enforcement program being proposed by his department. He said he received initial approval from the Finance Committee to submit an application for a federal grant of \$15,000 with Millbury to supply matching funds of 25% of the total. For security reasons Stokowski did not go into detail on the program. He did say the approach would be innovative and serve as a deterrent to the influx of drugs into the community.

He said the grant would be awarded on the basis of innovative approaches to dealing with the war on drugs.

Lachance asked if the program would involve working with the District Attorney's office.

"This is a town of Millbury project," Stokowski replied. "We will seek cooperation but it will not be done in combination with the District Attorney."

Gauthier asked how much money would be available since all communities will be looking for that money. Stokowski emphasized that Millbury's application will meet the criteria for innovative methods. "Believe me," he said, "ours are new methods."

"Will they get us convictions," Lachance asked.

"Yes," Stokowski replied.

The board voted unanimously to go forward with the federal grant application.

Central Diner

Stokowski related an incident that occurred at 1:46 a.m. on July 28 outside the Central Diner on Elm Street whereby a male subject fired a pistol. He said the person was not arrested but complaints have been filed in court requiring the suspect to answer in court to charges of disturbing the peace, assault by means of a firearm, and discharge of a firearm within 500 feet of a dwelling. The male subject is a resident of Sutton where he was apprehended.

Lachance read a letter signed by seven residents of the Centerview Apartments which is located across the street from Central Diner. The letter expressed the residents' concerns with "extreme loud noises and fighting among drunks and tires screeching into the wee hours of the morning." The letter also called attention to the July 28 incident.

Cristo said there were only two options he could see: hire a police officer for 3-4 hours or curtail the hours at the diner.

Stokowski said it would cost \$90 a night or \$200 per week for an officer to be on duty. Selectman Gerry Bleau asked if the officer would be stationed inside or outside. Stokowski said he would be stationed outside to curtail the noise. He also cited past precedent at the former Town Line Club on Rte. 146 when there was a hazardous situation with parking. Stokowski suggested that the owner of Central Diner

be brought in to review a previous agreement.

Street Lighting Proposal

The board heard a presentation for reduced costs for street lighting and energy savings for electric use from Thomas Leue of Homestead Inc. Leue said his company has acted as a consultant and guide for several communities in the western part of the state and more locally in Spencer and Oxford for reducing street light and electric costs for lighting.

Leue explained that Mass. Electric offers an S-2 rate that would allow a cheaper rate for lights and electricity to municipalities if they convert to sodium vapor rather than incandescent lights. He said Millbury could save up to 66% of its street lighting costs by the conversion of 75% of its street lights.

Leue said his company offers a program of surveying the town's needs, costing out the cost per light proposal or alternate lighting, listing all lights and locations, and also offers guidance on how to proceed to obtain loans for the project. Leue said the monthly savings would be greater than the cost of the loan and could be amortized over a 5 year period.

The board voted 5-0 to take the matter under advisement.

"No Parking"

George D'Auteuil who operates his business, Frank Rubbish Removal, on Providence Road, was present to discuss the recent replacement of "No Parking" signs on Riverlin Street at the cemetery. Cristo said the board would speak with the safety officer for a clarification of the situation.

"Super Park" Proposal

"Happy" Erickson, chairman of the Parks Department and a member of the Recreation Study Committee, asked the board's support of a proposal to create a "Super Park" through private funding. He said the park could possibly be located at Washington Street Park. Also included in the concept would be a Parks Department objective to rebuild the present basketball court and increase parking. Erickson said the anticipated cost of all three proposals would be \$60,000.

Erickson said he has already discussed the idea with several people in the community who could serve as a nucleus for the establishment of a private group of citizens to raise money for the park. He said the park would be similar to those in Grafton and Douglas.

The board voted 5-0 to support the idea and informed Erickson that the proposed committee would have to be established as a private non-profit fundraising committee separate from the town.

SELECTMEN from Page 3

Fire Department Bill

Millbury Lions Club President William Kane expressed his organization's concerns with being presented with a bill for \$1380 from the Fire Department for the cost of providing 19 firefighters for coverage on June 30 and July 3rd, the nights of the fireworks.

Kane said he was "shocked" when the bill was received as he didn't recall during all the discussion that any firefighters were to be involved in paid details for the two nights.

Kane said the only other time the fire department had billed the club was in 1988 for a total of \$600. Kane said that the fire chief may have made some statement about the need for firefighters but nothing was put in writing and he couldn't recall it being discussed in any of the meetings.

Board member Donald Gauthier concurred saying he attended all the meetings and he didn't recall the issue of firefighters or the number needed being discussed.

Kane said the Lion's Club is being asked to pay a bill after the fact. "I don't know how to address this issue," he said. "I don't want to make a big stink over this."

Cristo suggested that Earl Chase talk to the fire chief and express the board's concerns.

Kane replied, "If this is what we really owe we will pay it. I just don't want to be duped into doing it."

Kane then asked the board to consider waiving the administrative fee of 10% charged for police details. That fee pays for administrative and clerical work to process the bills and payment to detailed police officers. The 10% fee also helps to provide continuous funding into the revolving account for police detail work.

Kane asked if the 10% fee had ever been waived. Cristo said he did not think so. Gauthier noted that the school department pays the fee in its use of police details.

"Okay, I'll retract the request," Kane said.

In closing, Kane told the board that the Lions Club has another year under the contract with the carnival but is also looking at other fund raising possibilities including a block party similar to the one held during the 175th anniversary celebration.

Use of Center School

Cliff Larson, pastor of the Hosanna Christian Fellowship appeared to request the use of the basement area at the Center School on Elm Street for his congregation of 50 who presently rent space in Auburn.

William Kane reminded the board that the Lions Club had also requested to rent space at the Center School two or three months ago. Larson suggested that maybe a sharing of that space could be worked out since they would not use it every day.

Cristo suggested that both Kane and Larson meet with Earl Chase to view the area to see if both could be accommodated. It was also suggested that Larson look at the West Millbury School as another option.

Appointments

Michael J. Ragaini was appointed to a position on the Personnel Board. Ragaini said he wanted to be part of the process of town government.

Teresa Harackiewicz was appointed to a position on the Capital Budget committee. She noted that she has a strong background in budget preparation in her position at New England Telephone.

Telephone System

New England Telephone Company Sales Representative Kevin Sciaivone presented the board with a proposal for a Centrex System to provide improved telephone service at the Town Hall, Library, and the Asa Waters Mansion.

Sciaivone said the cost savings would be \$1284 per year. He also noted the rates would be stable for a 10 year period at \$36.61 per line as opposed to the rate of \$42.61 per line effective October, 1990.

Sciaivone listed the following advantages of the Centrex System:

- a. ability to transfer
- b. four additional lines allowing for more calls in and out.
- c. Centrex services free of charge such as conference calling, call waiting, and speed calling.

Chase recommended the system based upon the cost savings features, the pay back period of six months, and the opportunity for providing better service.

The board unanimously approved the installation of the system.

Transfer Station

Chase recommended that a bill from Mass. Electric for \$732.05 that was not paid by the contractor for the transfer station, Mulholland, be paid out of the retainage money held for completion of the project.

Cristo said the town was being "stiffed" since the bill should have been paid by the contractor. The board approved paying the bill out of the money retained.

Affordable Housing

The board approved the application of Elmwood Heights Realty, Northboro, to convert 24 units on Elmwood Terrace to affordable housing units. It was stated that the Planning Board and the Housing Partnership have also approved the application. The units will be offered at a maximum cost of \$95,000 with a market price of \$114,000.

Harris Avenue

Traffic regulations on Harris Avenue were approved as amended to post "No Parking" signs.

Hydrants

Prior to adjournment at 10:10, the board was informed by a letter from Mass. American Water Works that they were billing the town for four hydrants recently installed at a cost of \$409.26 each. Chase said monies are not available for the payment and a transfer of funds would be required.

The meeting adjourned at 10:10.

Ice Cream Social

MILLBURY - The Millbury Public Library, 128 Elm Street, invites all participants in their children's summer program to a special Summer Fest close, an old fashion ice cream social. Ice cream and great fun will be served up on August 21 at 1:30. To register, call 865-1181. This ends a summer of fun and games. Prizes will be given to lucky summer program participants. Winners of the library's literary scavenger hunt will be announced at this time. The winner will receive a \$25 gift certificate to Spag's.

Children's Author at Library

MILLBURY - Children's author Ina Friedman will pay a visit to the Millbury Public Library on August 22 at 3:30. She has written several children's books including the Reading Rainbow favorite, "HOW MY PARENTS LEARNED TO EAT." Friedman will be telling this story and others to children and their parents. To register, call 865-1181. This program is sponsored by the Friends of the Millbury Public Library.

Board to Consider Lieutenant's Position

By Alec Belisle

SUTTON - The Board of Selectmen met on Tuesday, August 7 for their regularly scheduled meeting. Present were Chairwoman Mary K. Connor, Wally Johnson, Mike Chizy, and Rick LaBonte.

During the "Workshop" session preceding the meeting, Town Administrator Dexter Blois announced that Jim Crosby had submitted his letter of resignation from the Board of Health. LaBonte suggested that the board send him a letter expressing their gratitude for his years of service.

Administrator's Update

Among the items discussed by Blois was a request for the board to accept a 1978 Dodge 4x4 for the Fire department. According to Blois, Chief John Peterson has acquired the truck which will replace a 1940 pick-up now used in Manchaug.

The board voted unanimously to accept the vehicle. However, Selectman Wally Johnson commented that acquisitions of this type should somehow be placed on town meeting warrant articles to allow the town to know what is being acquired.

Blois informed the board that David Roach has tendered his resignation from the Solid Waste Committee. It was unanimously accepted. LaBonte suggested that the board send him a letter thanking him for his service. The board decided to appoint his replacement and alternate members to the board at the next regularly scheduled meeting.

Blois reported to the committee that surveyors have been working on Lincoln Road and that work on the completion of the project will begin soon. He said the Telephone Company will move their poles at the end of August and he hopes the entire road will be paved by winter.

Whitins Road Street Light

The board heard a proposal to remove the street light from pole 53 on Whitins Road and move it to pole 55. Blois explained that the present light would be replaced by a new liquid sodium light which will give 10 times the light of the present fixture.

Whitins Road resident Steve Stinson asked that the board leave the light on pole 53 and add one on pole 55. He said he has seen more than 10 accidents in the eight years he has lived on Whitins road and feels that a better illuminated road will make it safer.

Stinson also presented the board with a letter from another Whitins Road resident, Susan Tatro, asking the board to consider having two lights.

The board voted unanimously to put up the new street light on pole 55 and leave the light on pole 53 for the present time.

Lieutenant's Position

Blois brought a proposal to the attention of the board which was submitted by Police Chief William Baker to promote Sergeant John Annis to Lieutenant. Baker wrote that he recommended the promotion of Annis at the board's earliest convenience. He stated Annis "has all of the qualifications I want for a lieutenant; a strong grasp of the practical side of policing, strong department and community support as a leader demonstrated by his support for his chief's candidacy, and loyalty to me and the town of Sutton."

"I think there is ample evidence of John's competence and suitability for this position as required by the charter."

According to the letter, the town would retain three sergeants and restore the position of Lieutenant. Annis' position as sergeant would remain unfilled.

Johnson remarked that the board had to follow a procedure when the town

changed from one lieutenant and three sergeants to no lieutenants and four sergeants.

Blois said there was a public hearing and then the proposal was brought to the town meeting for ratification. He said the reason the proposal had to be brought to town meeting is that the town increased the number of sergeants. He added that the lieutenant's position was left in.

Johnson said that when former Chief Robert Conley came before the board, his intention was to have a chief and four sergeants. He added that he was not against filling the position with Annis but remarked that the board recently restructured the department at the request of Conley and now a year and a half later, the board is asked to return it to the way it was.

LaBonte said that the board has the recommendation of the Chief who needs a second in command.

Johnson repeated, "I have no quarrel with the appointment at all, don't get me wrong." He again emphasized that the appointment should be made properly.

Power Plant Task Force

The board considered the Power Plant Task Force memo written by Chairman John Mathews to the board in response to questions posed by LaBonte. Although the board gave Mathews the go-ahead to proceed with assigning projects for study, they had not had an opportunity to discuss the contents of the memo.

The board discussed the possibility of creating a sub-committee to the task force made up of five residents to address certain issues. LaBonte suggested that the sub-committee be appointed and meet with the task force under whom they would work.

Johnson agreed with the concept of the sub-committee if the task force approved. Connor said she felt that the board should first discuss LaBonte's questions and define what it is the board wants the sub-committee to do.

Action on the sub-committee was deferred until a later meeting.

MORIN from Page 2

HOW ABOUT THAT! John Patrick McKenna had great timing when he was born. The figures were: 12:34:56, 7-8-90. His mom had something to do with it, no doubt about that. Ditto Pappa! Good Luck, big guy!

AN EYE-CATCHER, that cutline telling us about that barbecue: "MOORE BARBECUE SET FOR JULY." They're not actually going to barbecue him, are they? NOTICE the notice on the increase in our electric bill? Suggestion: get rid of your air conditioners, install ceiling fans. Much, much cheaper to run, just as effective.

PATRICK HENRY ought to come back and see what taxation WITH representation is like!

PEOPLE TO PEOPLE...ya want something done, you've got to get together and do it, with the help of others, a good team, a good cause, it can be done. Some good people of Manchaug have been meeting and planning to have a Field Day on the 18th of August to provide funds for the restoration of the Veteran's Memorial Field in Manchaug. All kinds of events and activities are being planned. Brian Berube and company are behind this effort and they all deserve our support. This field is used by the whole town. The townspeople should all get behind this committee and lend support, financially, materially, whatever. It's a good cause. Drop down at the Field Day. You're promised a good time.

WHY DO people who laugh
At fortune tellers as absurd,
Pay attention to politicians
And take them at their word?

SERVICE with a smile! Worcester has a few bucks to spare. One city pol couldn't make it to a meeting, he was down the Cape. So the kind City Manager sent a police cruiser after him. Hey, it's easy when you're working with other monies, not yours! AND you still have those Bozos in Washington running all over the world on so-called Business Fact Finding Missions at taxpayers' expense. Keep it up, you guys! The "ins" are going out!

No news yet on apprehension of those S&L High Rollers who took billions of our tax dollars for stupid investments. A guy steals a loaf of bread, he's in the can; those crooks and shysters are getting away with it. Equal Justice Under the Law? C'mon now!

FIXED INCOME...these are the ones who are really feeling the pinch today, what with higher taxes coming in, both on the local and federal level, gas taxes, service taxes...senior citizens, awaken! If you're alone, get your boyfriend (or girlfriend) to move in with you. Share the expenses. Two can live as cheaply as one; could be the only way. Separate rooms, of course! Ya know, sounds funny, but might be the only way out....

PEOPLE AREN'T AGAINST POLITICAL JOKES - THEY JUST WONDER HOW THEY GET ELECTED!

The major investor in the U.S. is the UK with more than 100 billion; Japan follows with 53 billion. Reverse Marshall Plan.

A CHILD'S TRIBUTE TO GRANDMA...A grandmother is a lady who has no children of her own so she likes other people's children. A grandfather is a man's grandmother. He goes for walks with boys and they talk about fishing and tractors and stuff like that. Grandmothers don't have to do anything but be there. They are old so they shouldn't play hard or run...it is enough if they drive us to the

market where the pretend horse is and have lots of dimes ready. Or if they take us for walks, they should slow down past things like pretty leaves or caterpillars. They should never say hurry up. Usually they are fat but not too fat to tie kids' shoes. They wear glasses and funny underwear. They can take their teeth and gums off. It is better if they don't typewrite or play cards except with us. They don't have to be smart, only answer questions like why dogs hate cats and how come God isn't married. They don't talk baby talk like visitors do because it is hard to understand. When they read to us they don't mind if it is the same story again....Everybody should try to have one, especially if you don't have television because grandmothers are the only grownups who've got time for us.... How about that! May God Bless 'em All!

BIG BUCKS! Where there's a will there's a way. Yupp! Even Kitty Dukakis has a book out. Really, who cares! Hot number! There's a new gimmick out there! Yupp! It's that "900" number. When you use it, you're charged a hefty price. A lot of companies, record outfits, and service people are connected to this number. It'll cost you up to \$2.00 per minute, with the profits shared by the telephone company and the 900 holders. HEY! You want to become a "Lord," an ancient manorial title from England? It will cost you about \$169,000 to have this title bestowed upon you. Good grief. Some do-do bird from the states coughed up the dough and went to England. He got the title, a bit of pomp and ceremony, but that's it. What a fish! **WNEB**, it's Selectman Jude, not Judy. Let's get it right....Ya got to keep after these guys! **HOW WOULD** you rule it? A game May 4, 1984, Oakland A's vs. Minnesota Twins. Kingman hits a fly ball, it went straight up but didn't come down. The ball penetrated the netting of the fabric ceiling of the dome 180 feet up and rolled around. When it didn't drop down for an infielder to catch it, the umps didn't know how to call it. How would you? The umps decided that the park was at fault and ruled it a "ground rule double." The ball is in the Baseball Hall of Fame....

WHO'S going to get stuck with that tax increase on gas? The feds are working on an increase also. The oil man, the gas man, the post office, UPS, whatever, are they going to absorb that gas tax increase? No way, Jose, we is

From My Window on Farnsworth Court

By "Pastor Rae" Cameron

It's always nice to hear from someone who has read this column. That was the case recently, and then the follow up was to ask where I pastored. "My Window" is located at the Millbury Baptist Church, which I have discovered is not too well known. We're the brick church on the Common in Millbury, across the street from the Millbury Federated Church.

This raises the question of where you should go to church. Of course Millbury Baptist Church should be everyone's first choice, but I have to be practical and realize that there are a few other churches from which you can choose. If you are in the market for a church, allow me to make a few suggestions while you are church shopping.

Most choose the church in which they were brought up. If that is your case and you are finding fulfillment, don't go any further. In my own case, I had a "conversion experience" and the church of my youth did not meet my needs. Also the church I chose was more in keeping with my own sociological life style than the one in which I was raised.

If you are trying out a church, give it a chance. Don't attend for just once service. Attend at least a month of services and get to know the other people of the church as well as the religious leader.

It almost goes without saying, but nevertheless let me remind you, to pray about it. You will need God's guidance and you need to become keenly aware that the church you choose is where you will best worship and serve God.

Oh yes, if you find the perfect church, please don't join it. Then it wouldn't be perfect anymore.

Notices for Center Sign

MILLBURY - All meeting notices to be posted on the sign in the center of town must now be sent to the Millbury Parks Department, Town Hall, Millbury. You may also call 865-1377.

On The Shelf

By Rosemary Waltons

During the month of August, there are three words on the lips of every parent of school age children: "back-to-school." At the same time as summer vacations begin to wear thin and the first day of school approaches, parents are likely to reaffirm their resolve to see that their children do well in school. There are many books that parents can turn to for support and advice to help assure that their children get the best education possible.

To start, there are a number of books to help build an educational foundation during the preschool years. Many of these books deal with creative learning experiences that involve both adults and children in fun activities. Check out the *PURPLE COW TO THE RESCUE* and *I SAW A PURPLE COW*, each providing hundreds of fun learning projects from making peanut butter pizza to designing a memory poster. Other books include *KIDS' AMERICA* and *CHILDCRAFT: GUIDE TO PARENTS*.

Many books focus on reading in order to develop both skills and an appreciation for books that will later evolve into the reading habit. To build basic skills, try *TEACHING YOUNG CHILDREN TO READ AT HOME*. There's also *HOW TO HELP YOUR PRESCHOOL LEARN MORE FASTER AND BETTER* by David Melton. Melton's book focuses on reading, math and social skills. He stresses simple and effective methods for parents to use to teach their young children.

Develop your preschooler's love for reading with recommendations from *CHOOSING BOOKS FOR KIDS*, *A PARENT'S GUIDE TO CHILDREN'S READING*, or the New York Times' *PARENT'S GUIDE TO THE BEST BOOKS FOR CHILDREN*. If you want a personal touch, ask our children's librarian for her opinion.

For the best family reading aloud times, try the books recommended in *FOR READING OUT LOUD* by Margaret Mary Kimmel.

Leaving for the first day of school can be traumatic.

It's an experience that probably each of us remembers. Make it a positive experience for your child with the help of *LEARNING TO SAY GOODBYE*. Here Nancy Balaban discusses the fears and anxieties of both children and parents.

What can you do to make school work for your child? Read *THE INTERACTIVE PARENT, HOW TO GET YOUR CHILD A "PRIVATE SCHOOL" EDUCATION IN A PUBLIC SCHOOL*, or *THE SCHOOL-SMART PARENT*. All three give parents guidance on how to effectively become involved in their child's education.

YOUR CHILD IN SCHOOL: KINDERGARTEN THROUGH SECOND GRADE and *YOUR CHILD IN SCHOOL: THE INTERMEDIATE YEARS, GRADES THREE THROUGH FIVE* both take parents into the child's life in school "hour by hour" through the day, subject by subject through the curriculum, grade by grade through the whole school experience."

Homework! It can be a dirty word and a source of parental anxiety and childhood obstinance. *HOW TO HELP YOUR CHILD WITH HOMEWORK* offers advice that will help you put an end to excuses and battles over homework by giving you strategies and techniques on how to deal with your child's homework assignments.

HELPING YOUR CHILD WITH MATH will help quell the math anxieties we experience when our children need help with math. Sol Weiss offers successful strategies, activities and games that help parents help their children with elementary school mathematics.

If you're reaching the end of your rope as your child reaches the end of his or her school experience and you don't know if either one of you is going to make it to graduation day, read *I HATE SCHOOL: HOW TO HANG IN AND WHEN TO DROP OUT* by Claudine Wirths. It's written to be read by high school students, but it's a must read for parents in this situation. In a way that doesn't condemn or berate, Wirths offers an honest and practical self-help guide to getting back on track and staying in school.

Staying in touch with the educational system is a responsibility that we all share, whether we have children in school or not. To get abreast, try reading the controversial book by Alan Bloom entitled, *CLOSING OF THE AMERICAN MIND* or the enlightening *AMONG SCHOOL CHILDREN* by Tracy Kidder. For hope and inspiration, read *ESCALANTE* and *GROWING MINDS*.

Faculty Assignments

MILLBURY - Faculty assignments for 1990-1991 at Assumption School will be as follows: Grade 1, Doreen Albert; Grade 2, Audrey Roberts; Grade 3, Diane Kasputis; Grade 4, Sandra Neargaard; Grade 5, Denise Sliwoski; Grade 6, Sister Elizabeth Morin; Grade 7, Sister Jeannette Beaudry; Grade 8, Rita Bernard; Gym & Computer, Nancee Croft; Librarian, Dorothy Marchessault; Music, Claudette Belair; Principal, Sister Rita St. Onge.

Dance Competition Award Winners

Two local girls participated in a group performance from an area school of dance in the Terpsichore Dance Competition held in June at the Worcester Auditorium: Jodi Wincer, 50 Beach Street, Millbury; Jennifer Scanlon, Uxbridge Road, Sutton. The group received two 1st place awards and best precision and best chorus line in tap and jazz. They also performed in the Show of Stars at the Auditorium.

At the East Coast National Dance Competition on July 3-10 at Myrtle Beach, South Carolina, they received a 1st place award in ballet and jazz and three 3rd place awards in small group tap, lyrical and ballet.

Participants would like to thank the merchants of Millbury who supported and helped make the trip to Myrtle Beach possible.

Guidance Counselors at MHS

MILLBURY - Guidance counselors will be available at Millbury High School between 9:00 a.m. and 3:00 p.m. on August 28, 29, and 30. Students who failed one or more subjects last year should plan to meet with their counselor during that time to make the necessary adjustments to their schedule. Students who have just moved to Millbury and will be entering Grades 7 through 12 should also go to the High School Guidance Office to select their program for the coming year.

Horseshoe Tournament to Benefit Kidney Foundation

WORCESTER - The National Kidney Foundation will sponsor a Horseshoe Tournament and Chicken Barbecue on Sunday, August 26, 10 a.m. to 5 p.m., at Liberty Social Club, 103 North Main Street, Webster.

The tournament entry fee is \$20 per 2 person team. The chicken barbecue is \$6.00 per person.

The competition will be a single elimination horseshoe tournament. Participants will play in categories according to ability. Prizes will include horseshoe sets. A ringer contest and raffle will also be held.

Junior Star for 1990

CRANSTON, R.I. - Rebekah Lindsay Coulter has been crowned Massachusetts' Junior Star for 1990. She is the eight year old daughter of Glenn and Dale Coulter of 170 Boston Road in Sutton.

Rebekah will compete with a representative from every state for the national title at the eighth annual National Pageant which will be held September 16-23 at the Marriott Hotel in Daytona Beach, Florida.

The winner of each National title will receive a \$1,000 U.S. Savings Bond; a \$100 travel certificate; an official portrait; gemstone pendant; one night's room accommodations in New York City for interviews with a talent and casting agent; other gifts and the official plaque, sash, tiara and star scepter.

Judging will be based on "poise, personality, and appearance" and there will be an optional Talent Program.

Rebekah won the 1989 National Junior Star Talent Competition in the vocal division. She has been modeling since age 4 and is a professional model for a Worcester-based modeling school. She has also been accepted into the Little Angels Modeling Agency in Boston, the children's affiliate of the Ford modeling agency. She will be participating in the national talent competition.

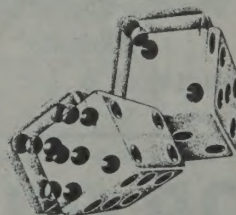

Rebekah will be entering the fourth grade at Oxford Academy in Northboro. As part of her reign, she will be available to help at children's telethons, fundraisers and civic events.

Democratic Town Committee to Honor Kollios

MILLBURY - The Millbury Democratic Town Committee will host its second annual Leo P. Bachant Democrat of the Year Award Dinner on Sunday, October 7, at 6:00 p.m. at the V.F.W. Charles F. Minney Post.

Paul Kollios was selected by the committee to be this year's recipient of the award. He has served on the School Committee, Board of Selectmen, and Council on Aging. Kollios will seek re-election to the House of Representatives in November. Tickets may be purchased by contacting Terry Hamilton at 865-4723 or Mary Anne Dube at 865-9333. Tickets are \$12.50 each.

MORIN

from Page 6

going to get it...we are going to be the absorbents, thanks to the esso bees, politicians that is....THE oldest known books in the world were made of clay; actually, earthen tablets on which written symbols were imprinted and baked. These "books" were used for recording land deeds and business transactions by the Babylonians 5,000 years before movable type was invented in the West. How about that?

A LIBRARY OF Congress exhibition of the personal correspondence of past members of the Senate and House shows little has changed in the way politicians do business....In 1824, Andy Jackson, a man of action, was appalled by the snail's pace: "I am truly wearied with lounging here; doing nothing but feeding on public funds."

Sen. Carl Schurz of Missouri on the 1873 Congressional pay raise: "...it was pushed through the Senate during the final night using all sorts of parliamentary tricks...the entire operation was shameful." (G. French, Gazette)
- Things haven't changed, have they?

HOW ABOUT THIS one. We read somewhere where a 10 year old girl who knew the names of only four presidents, but readily provided the names of 14 brands of alcoholic beverages. A 9 year old boy listed "Gorge Buch" and "Prestant Ragen" under chief executives but spelled Molson Golden correctly. Ah, the power of advertising!...**"THE KORAN"**, if anything, is more poetical than the Bible...among other things there are words of sweetness. 'Every hardship is followed by ease' - And the heaven of the Koran is a place of 'gardens and vineyards and high-bosomed maidens,' which sounds a mile more exciting than the place I heard about in Catholic school...." J. Dempsey.

I GUESS what this business of high taxes, fees, fines and fun boils down to is that if we want the services we are going to have to pay for them. We don't mind paying our FAIR share! You political bozos out there, trim the fat and waste, cut down on irresponsible spending, junkets, cronyism; enough is enough. Get after the fat cats, have

them dig deeper, give the middle income family a break!

O.K. friends, we do it again! Time to pull the plug. Hope we managed to put a smile on your face, that's the purpose of this potpourri of type. The Lord's Blessings on You and Yours. Hang in there friends! Your pal,

Joseph

Beacon Hill Roll Call

This week's Beacon Hill Roll Call records the votes of Senator John Houston (D-Worcester) and Representatives Richard Moore (D-Uxbridge) and Paul Kollios (D-Millbury) on roll calls from the final late sessions just prior to the summer recess.

ENACT BUDGET (H 6161) - House 108-44, Senate 16-13, gave final approval and Governor Dukakis, after vetoing several sections, signed a pared down \$13.4 billion fiscal 1991 state budget. This final version included 4% across the board cuts totalling \$265 million in many accounts, including an \$85 million local aid reduction. Supporters said the cuts will finally produce a balanced budget but noted it will hurt communities and people across the state. Most opponents said the budget is still out of balance and argued across the board cuts are irresponsible because they affect accounts which generate much needed revenue for the state. Some opponents said the \$265 million cuts will hurt millions. Houston, Moore, and Kollios voted for the budget.

CONTINUE SESSION - House 105-39, Senate 24-8, suspended rules to allow their sessions to go beyond 10 p.m. and 8 p.m. respectively. Supporters said the legislature should stay in session and approve a budget to solve the state's fiscal crisis. Opponents said late night sessions are irresponsible and argued that members have no idea what is included in the budget and are blindly following the leadership. Houston and Moore voted to continue the session. Kollios did not vote.

BOND PACKAGE (S 1780) - House 111-40, approved the Senate version of a \$1.4 billion bond issue to pay off the fiscal 1990 deficit. Supporters said this will allow

the state to pay off fiscal 1990 debts. Opponents said the Senate version includes several special interest amendments proposed by the Senate leadership and argued the House should not be pressured into blindly approving these. Moore and Kollios voted for the Senate version.

BOND AMENDMENTS (S 1780) - House 133-17, approved a bond issue amendment striking a Senate provision releasing funds for the control of algae and weeds in Tewksbury. Amendment supporters said this is a special interest provision slipped in by Senate Ways and Means chair Patricia McGovern and does not belong in an important billion dollar package. Opponents said the funding is important and should not be defeated just because it is proposed by the Senate leadership. Moore voted for the Senate provision. Kollios voted against it.

CHANGES - Senate 20-9, rejected an amendment to a motion appointing a new conference committee to craft a new fiscal 1991 state budget. The motion allows the committee to reduce any item and make "other changes as such committee deems appropriate." The amendment would strike the language allowing other changes. Amendment supporters said the language gives the committee excessive power to propose changes in anything, including the tax hike, and limits the legislature's power because members on the floor can only vote the changes up or down without amendments. Opponents said the committee must have flexibility to look at a broad range of issues and noted the full House and Senate have the final say. Houston voted to allow the committee to make "other changes."

BOND PAYOFF (S 1780) - Senate 18-12, rejected an amendment requiring the \$1.4 billion bond issue to be paid off no later than December 31, 1995 rather than December 31, 1997. Amendment supporters said the earlier payoff date is fiscally responsible and will save millions in interest. Opponents said the seven year period gives the state more flexibility but still allows earlier payoff. Houston voted for the 1997 date.

Now this is what you call teamwork.

Good teamwork gets things done.

And there's no better example of it than an independent community bank working hand-in-hand with local people, businesses and communities.

As a locally owned and operated bank, our aim is to keep the economy in this area as strong as possible.

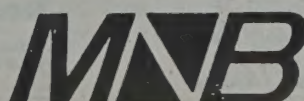

To do that, we offer competitive interest rates to attract your deposits.

And then — because we're free of outside control — we invest your deposits locally to help you, your neighbors and your communities.

It's teamwork.

Local teamwork.

The kind that benefits all of us in countless ways.

SUTTON from Page 5

Special Town Meeting

The board made note that Monday, October 15 has been scheduled for a Special Town meeting.

Cherry Sheet

Blois informed the board that Sutton would be experiencing a 4% cut from last year's Cherry Sheet. The Cherry Sheet reflects the amount of money which the town receives from the State. He went over the various figures with the board and concluded that the net effect was a \$162,000 reduction if the states figures remain the same.

During the discussion, Blois informed the board that Sutton has lost some money which the state was to reimburse them for roads. LaBonte suggested that the board send a letter to Rep. Moore decrying the state for increasing the gas tax, ostensibly to help with road and bridge construction, then turning around and decreasing the amount towns will be receiving.

Connor remarked that the board should correspond with the Blackstone Valley Selectmen's Association and encourage it to register a complaint for the cut.

The meeting adjourned at 9:15.

Office Closed on Saturdays

The Millbury-Sutton Chronicle office is no longer open on Saturdays. Announcements may still be left in the mailbox until noon on Saturday.

BEACON from Page 9

FEDERAL REIMBURSEMENT (\$1780) - Senate 20-10 rejected an amendment requiring that certain federal reimbursements received from state spending of \$126 million for the medical assistance program authorized in the bond issue be used exclusively to reduce the principle of the bonds. Amendment supporters said this will insure these reimbursements are used to reduce the bonds and save interest rather than being used to balance the budget. Opponents offered no arguments. Houston voted against the amendment.

Women's Aglow Meeting

SUTTON - The Women's Aglow Fellowship will meet Tuesday, August 21, at 7:30 p.m. at Pleasant View Motor Lodge, Rte. 146. Esther Rollins from Zion Bible Institute of Rhode Island will speak on the Beatitudes. All women are invited. For more information on Aglow, call Terry at 865-3660.

New England Power Hearing Continuation

The Millbury Planning Board will continue a public hearing on the application of New England Power for two special permits relating to work on substations on Grafton Street, Cross Street, and Providence Street, on August 20, 1990 at 7:00 p.m. in the Municipal Office Building.
